# Something from Nothing. Project 2

***New Art made with Old Stuff***

*As inspired by a recent exhibit at The Canton Museum of Art*

Circuit Board Art will be the focus in the second, in a series of "***Something from Nothing***" workshops hosted by ArtsinStark and offered **free** to area children on Saturday, May 29 from 1:30 – 4:00 p.m. at the Coleman Community Center (1400 Sherrick Road SE, Canton 44702).

Volunteers will assist children in making art from recycled materials as they will be presented with a variety of deconstructed computer parts, wire, glue and imagination. A professional artist will also be present.

The project, hosted by ArtsinStark and inspired by the recent ***Something from Nothing*** exhibit at the Canton Museum of Art, "provides a way for families to see amazing art made from recycled materials and to make art themselves," said Robb Hankins, president and CEO of ArtsinStark.

If you'd like volunteer at the Something from Nothing workshops , please call **Claudette Hankins** at **330-494-8081** or email her at **cphankins@sbcglobal.net**
